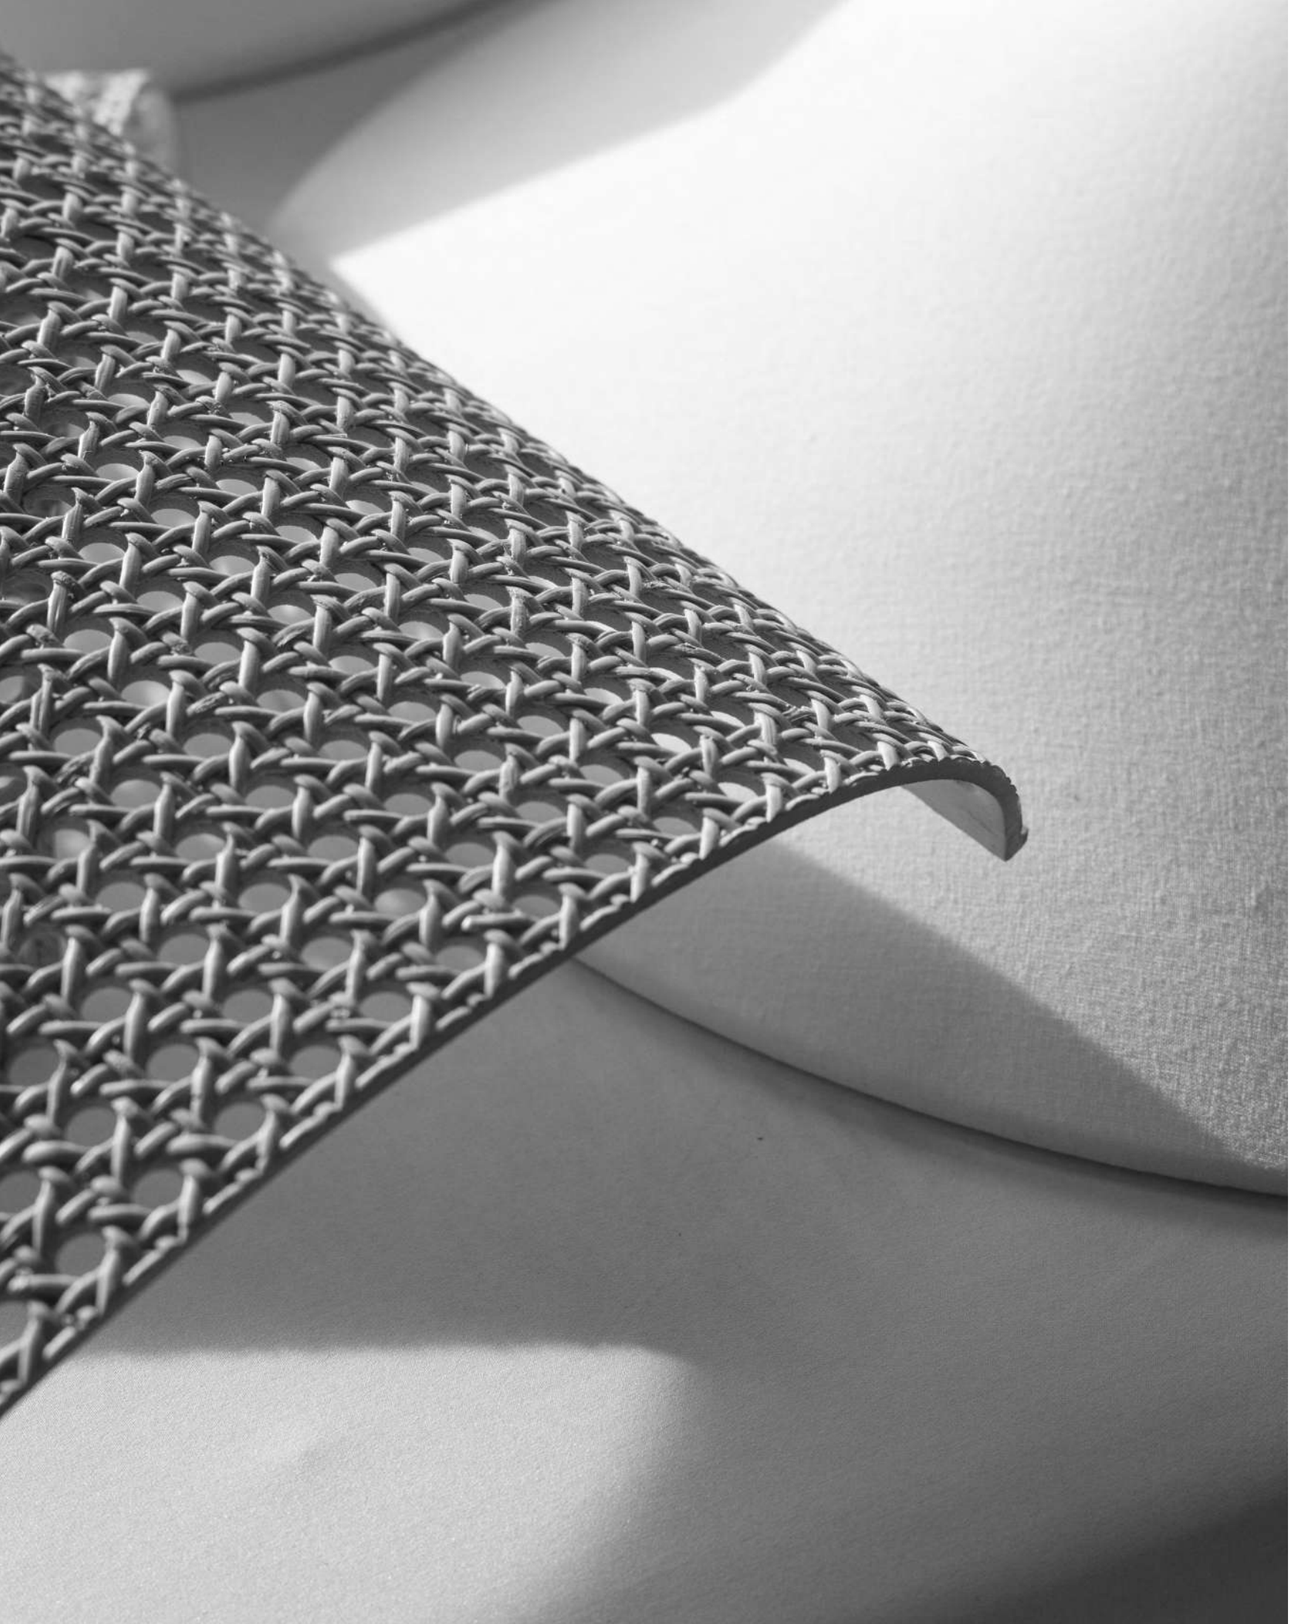
COUTURIER OF LIGHT



Our story

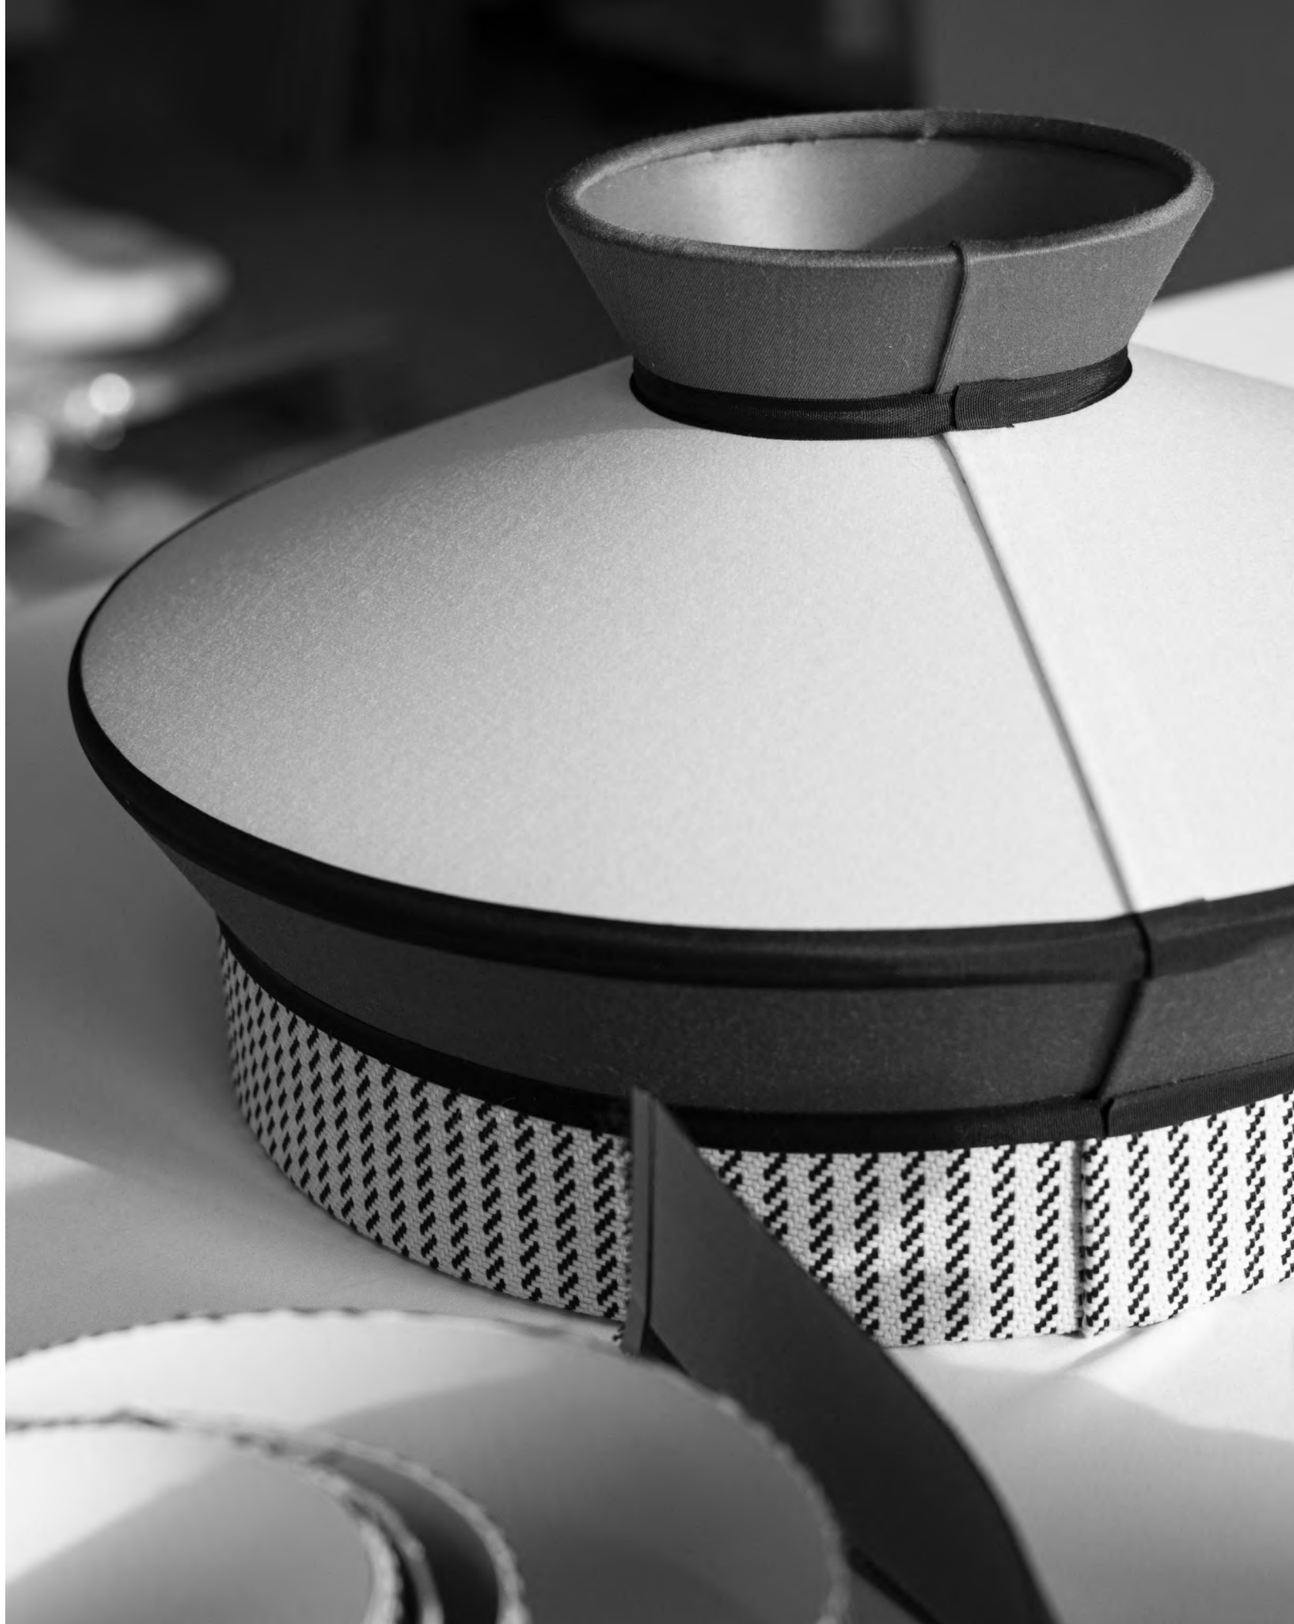
Contardi Lighting is based in Brianza, a region internationally recognized as the ultimate furniture district and the cradle of Italian design.
This is where Contardi products come to life, sometimes conceived and developed in-house, and sometimes the result of coordination with the creative flair of international designers. These designers work closely with the company's technical office, which, thanks to its vast experience, creates products of extraordinary quality and attention to detail. Local, "zero-mile" production, entrusted to carefully selected suppliers within the Brianza district, ensures the renowned quality of "Made in Italy," appreciated and recognized worldwide through decades of industry experience.

Contardi Lighting ha sede in Brianza, territorio riconosciuto a livello internazionale come il distretto per eccellenza dell'arredo e culla del design italiano.
È qui che prende vita il design dei prodotti Contardi, talvolta concepiti e sviluppati internamente, talvolta frutto del coordinamento con l'estro creativo di designer internazionali. Questi ultimi collaborano strettamente con l'ufficio tecnico dell'azienda, che grazie alla sua vasta esperienza, dà origine a prodotti di straordinaria qualità e cura dei dettagli. La produzione locale, a "chilometro zero", affidata a fornitori accuratamente selezionati nel distretto brianzolo, attraverso decenni di esperienza nel settore, assicura la rinomata qualità del Made in Italy, apprezzata e riconosciuta in tutto il mondo.

Manifesto

Contardi Lighting's style is defined as 'archi-decorative,' a style in which a harmonious balance between aesthetics and functionality is achieved through the convergence of several elements: the variety of materials used, the elegance of the finishes, and the bespoke approach, on one hand, which define the unmistakable character of each design, and on the other, technological innovation, adherence to the highest safety standards, and compliance with all the required certifications for various markets. For Contardi Lighting, a decorative lighting object is an ambitious and sophisticated product: it must be able to illuminate and do so masterfully.

Lo stile di Contardi Lighting si definisce archi-decorativo ovvero uno stile in cui l'armonioso equilibrio tra estetica e funzionalità è ottenuto dal confluire di diversi elementi: la varietà dei materiali impiegati, l'eleganza delle finiture e l'approccio sartoriale, da un lato, che definiscono il carattere inconfondibile di ogni proposta e dall'altro, l'avanguardia tecnologica, il rispetto dei più elevati standard in termini di sicurezza e il possesso di tutte le certificazioni richieste dai vari mercati. Per Contardi Lighting l'oggetto luminoso decorativo è un prodotto ambizioso e sofisticato: deve saper illuminare e farlo magistralmente.



Contardi USA

Contardi Lighting's international growth was solidified in 2015 with the opening of its American subsidiary, Contardi USA, in New York.
This was a crucial step in a market that has always played a key role for the brand and has seen the completion of important projects in the hospitality sector over the years, thanks to Contardi Lighting's ability to develop cutting-edge lighting solutions that fully comply with the highest standards and specific required certifications.
With the opening and presence of the American subsidiary, Contardi ensures a direct presence in one of the world's key locations, responding in real-time to the needs arising from this market.

La crescita internazionale di Contardi Lighting è stata consacrata nel 2015 dall'apertura a New York della filiale americana, la Contardi USA.
Una tappa fondamentale in un mercato che da sempre riveste un ruolo chiave per il brand e che ha visto, nel corso degli anni, la realizzazione di importanti progetti legati al mondo dell'hospitality, grazie alla capacità di Contardi Lighting di sviluppare soluzioni illuminotecniche d'avanguardia, nel pieno rispetto dei più elevati standard e delle certificazioni specifiche richieste.
Con l'apertura e presenza della filiale americana, Contardi garantisce un presidio diretto in uno dei punti nevralgici del mondo rispondendo in tempo reale alle esigenze provenienti da questo mercato.

Athena

MASSIMILIANO RAGGI

In Greek mythology, Athena is the Goddess of knowledge, military strategies, and weaving. It is this last skill that inspired the designer when shaping Athena: rectangles and ovals that merge together, textured fabrics for a couture touch, and a brushed bronze-nickel finish to affirm a sense of balance. Athena serves as a true “passepartout” lamp.

Nella mitologia greca Atena è la Divinità della conoscenza, delle strategie militari e della tessitura. È quest'ultima abilità che ha ispirato il designer quando ha dato forma ad Athena: rettangoli e ovali che si fondono insieme, tessuti materici per un tocco couturier e la finitura bronzo-nickel spazzolato per ribadire un senso di equilibrio. Athena si pone come una vera e propria lampada “passepartout”.

Baggy

DESIGN PAOLA NAVONE - OTTO STUDIO

Baggy is the most experimental expression of Contardi's decorative style, inspired by the oversized trousers it is named after. With its irregular shape, Baggy challenges the typical precision of the brand, offering a bold design. Each lamp in the collection consists of modules of different sizes, allowing for great compositional freedom.
The soft rope adds an unexpected detail, and the 360° light sources make it a functional lighting object.

Baggy è l'espressione più sperimentale del decorativo Contardi, ispirata ai pantaloni oversize da cui prende il nome. Con la sua forma irregolare, Baggy sfida la precisione tipica del brand, proponendo un design audace. Ogni lampada della collezione è composta da moduli di diverse dimensioni, permettendo una grande libertà compositiva. La morbida corda aggiunge un dettaglio inaspettato e le sorgenti luminose a 360° ne fanno un oggetto dall'illuminazione funzionale.

Calypso

DESIGN SERVOMUTO

Calypso, inspired by art deco, represents the pinnacle of Contardi's textile expression. Available as a suspension, floor or wall lamp, it combines a waltz of colours and materials: precious fabrics, braided silk rope, metal and glass. The black-and-white geometric patterns blend with bright colours inspired by South American and tropical cultures, creating a surprising and original visual impact.

Calypso, ispirata all'art déco, rappresenta la massima espressione tessile di Contardi. Questa lampada, disponibile a sospensione, a terra e a parete, combina un walzer di colori e materiali: tessuti pregiati, corda intrecciata in seta, metallo e vetro. I motivi geometrici in bianco e nero si mescolano a colori accesi ispirati alla cultura sudamericana e tropicale, creando un impatto visivo sorprendente e originale.

Circus

DESIGN CONTARDI STUDIO

Circus represents Contardi's philosophy of the versatile “White Shirt” suitable for any context: a well-made garment that one cannot do without. This lamp integrates innovative technologies such as the wire-mounted diffuser disc, which fits perfectly to eliminate unwanted shadows on the illuminated surface. Inside, 3 or 4 bulbs close to the lampshade ensure optimal lighting performance, enhanced in the version with custom-made LED boards for greater power and energy efficiency.

Circus rappresenta la filosofia di Contardi della “Camicia bianca” versatile e adatta ad ogni contesto: un indumento ben fatto di cui non si può fare a meno. Questa lampada integra tecnologie innovative come il disco diffusore montato su filo che si incastra perfettamente per eliminare ombre indesiderate sulla superficie illuminata. Al suo interno, 3 o 4 lampadine vicino al paralume assicurano una performance luminosa ottimale, esaltata nella versione con piastre a LED realizzate ad hoc, per una maggiore potenza ed efficienza energetica.

Discus

DESIGN MKV DESIGN

Discus offers suspension, wall, and ceiling lamps with a compact and modern design, ideal for hospitality, commercial, and residential spaces. MKV Design studio recently introduced significant improvements: expanding the central ring's finish options, providing more space for the satin opal diffuser for an even softer and more welcoming light. Discus represents a true lighting solution for various environments and elegantly adapts to any decor while maintaining timeless appeal.

Discus offre lampade a sospensione, a parete e a plafone dal design compatto e moderno, ideali per ambienti hospitality, commerciali e residenziali. Lo studio MKV Design ha recentemente introdotto miglioramenti significativi: aumentano le opzioni di finitura dell'anello centrale che lascia ulteriore spazio al diffusore in opale satinato per una luce ancora più diffusa e accogliente.
Discus rappresenta una vera e propria soluzione illuminotecnica per diversi ambienti e si adatta con eleganza a ogni arredamento, mantenendo un fascino senza tempo.

Emma

DESIGN CONTARDI STUDIO

Emma arises from two geometric elements meeting in an elegant sculptural form. With a base made of green Guatemala, white Calacatta or red Levanto marble, this collection explores sinuous shapes with opal white spherical diffusers that distribute light evenly. Suitable for any environment, from homes to luxury boutiques, Emma is available in table, ceiling and wall versions.

Emma nasce da due elementi geometrici che si incontrano in una elegante forma scultorea. Con base realizzata in marmo verde Guatemala, bianco Calacatta o rosso Levanto, questa collezione esplora le forme sinuose con diffusori sferici opalini bianchi che distribuiscono la luce in modo uniforme. Adatta a ogni ambiente, dalle case alle boutique di lusso, Emma è disponibile nelle varianti da tavolo, soffitto e parete.

Flexiled

DESIGN KING & ROSELLI

Flexiled, a historic and iconic product of the Contardi collection, is available in two variants, with a flexible arm covered in double-stitched leather or steel mesh, offering customization options in colours and sizes. The brass arm ensures solidity and silent movements. Perfect heat dissipation guarantees a very low operating temperature even after 24 hours of continuous use.

Flexiled, prodotto storico e iconico della collezione di Contardi, disponibile in due varianti, con braccio flessibile rivestito in pelle con doppia cucitura o maglia d'acciaio, offre opzioni di personalizzazione nei colori e nelle dimensioni. Il braccio in ottone garantisce solidità e movimenti silenziosi. La perfetta dissipazione del calore garantisce una temperatura di funzionamento molto bassa anche dopo 24 ore di uso continuo.

Hat

PAOLA NAVONE - OTTO STUDIO

Essential yet full of character, Hat is a tribute to 1950s French design. The suspension, table, and floor lamps, covered with rope and topped with white lampshades, celebrate a relaxed elegance.
Material and light interact in perfect harmony, balancing craftsmanship with a contemporary vision, all with a touch of sophisticated vintage charm.

Essenziale ma ricca di carattere, Hat è un omaggio al design francese degli anni ‘50.
Le lampade a sospensione, da tavolo e da terra, rivestite in corda e illuminate da paralumi bianchi, celebrano un’eleganza rilassata. Materia e luce dialogano in perfetto equilibrio tra artigianalità e visione contemporanea, con un tocco vintage sofisticato.

COCONETTE: DESIGN TRISTAN AUER & FRÉDÉRIC SICARD
COLLECTION: DESIGN CONTARDI STUDIO

Heritage embrace Contardi's "White Shirt"
philosophy with its tailored design.
The collection excel in its absolute simplicity,
while remaining the most stylish decorative
solution, like a white shirt crafted by a skilled tailor,
timelessly suited for residential, commercial,
and hospitality settings.

Heritage riprende la filosofia della “Camicia Bianca”
di Contardi nel suo taglio sartoriale.
La collezione vince per la sua assoluta semplicità
ma rimanendo anche la soluzione decorativa più di stile,
come una camicia bianca confezionata dalle mani sapienti
di un sarto, che rimane nel tempo adatta al residenziale,
commerciale e hospitality.

Calypso

DESIGN SERVOMUTO

Inspired by Art Déco, Calypso represents Contardi's highest textile expression. Available in suspension and floor versions, this lamp combines a waltz of colours and materials: waterproof and fireproof fabrics, created for resisting outdoor elements in the outdoor version, marine rope, metal, and glass. The geometric Black-and-White patterns blend with bright colours inspired by South American and tropical cultures, creating a striking and original visual impact.
IP65 and Marine Grade protection.

Calypso, ispirata all'Art Déco, rappresenta la massima espressione tessile di Contardi. Questa lampada, disponibile a sospensione e a terra, combina un walzer di colori e materiali: tessuti impermeabili e ignifughi, adatti a resistere agli agenti esterni nella versione outdoor, corda marina, metallo e vetro. I motivi geometrici in Bianco e Nero si mescolano a colori accesi ispirati alla cultura sudamericana e tropicale, creando un impatto visivo sorprendente e originale.

Clara

CHIARA CABERLON
IN COLLABORATION WITH MARCO FORBICIONI

Clara is renewed with new finishes and features: the warmth of Vienna straw in a chocolate colour and a wired version of the lamp. With the floor stand accessory for the battery-powered version, available in two heights, Clara gracefully adapts to any setting, blending tradition and innovation, and offering new compositional possibilities for residential or refined hospitality projects.

Clara si veste di nuove finiture e funzionalità: il calore della paglia di Vienna nel colore cioccolato e la versione cablata della lampada.
Con l'accessorio piantana per la declinazione a batteria, in due altezze, Clara si adatta con grazia a ogni ambiente, tra tradizione e innovazione, offrendo nuove possibilità compositive per progetti residenziali o di hôtellerie sofisticata.

Fly

DESIGN MASSIMILIANO RAGGI

Fly becomes a lighting icon for outdoor spaces as well. Available exclusively as a floor version, in two heights, it retains the elegance and functionality of its indoor counterparts. With double emission and IP65 and Marine Grade protection, it withstands the elements and it is ideal for illuminating pathways, walkways and gardens with contemporary style. It can be mounted on different surfaces thanks to an adaptable anchoring system.

Fly diventa un'icona luminosa anche per gli spazi esterni. Disponibile esclusivamente da terra, in due altezze, mantiene l'eleganza e la funzionalità delle versioni indoor. Con doppia emissione luminosa e protezione IP65 e Marine Grade, resiste agli agenti atmosferici ed è ideale per illuminare percorsi, vialetti e giardini con uno stile contemporaneo. Può essere montata su superfici differenti grazie ad un sistema di ancoraggio adattabile.

Lagoon

DESIGN SERVOMUTO

Lagoon exudes an elegant and refined style, bringing home decor outdoors with a contemporary touch. Inspired by the Typha, a typical plant of marshy areas that characterizes riverbanks and lakes. Available in three heights, with a black frame, it creates a suggestive “luminous forest” effect. The linear lampshades, covered with Dedar fabrics, add sophistication and personality. IP65 and Marine Grade protection.

Lagoon esprime uno stile elegante e raffinato, portando l'arredo domestico all'aperto con un tocco contemporaneo. Ispirata alla Typha, pianta tipica delle zone paludose che caratterizza gli argini di fiumi e laghi. Disponibile in tre altezze, con struttura nera, crea un suggestivo effetto “foresta luminosa". I paralumi lineari, rivestiti con tessuti Dedar aggiungono raffinatezza e personalità. Protezione IP65 e Marine Grade.

Muse

DESIGN TRISTAN AUER

In the heart of Muse lies the essence of functional elegance. Available in both nomad and wired versions, in three different sizes, this lantern gracefully illuminates outdoor spaces. In the new nomad version, light radiates from above through an amber-colored plexiglass diffuser, creating a soft, subtle glow.

Nel cuore di Muse risiede l'essenza dell'eleganza funzionale. Disponibile in versione a batteria o cablata, in tre diverse dimensioni, questa lanterna illumina gli spazi esterni con grazia. Nella nuova versione nomad, la luce si irradia dall'alto attraverso il diffusore in plexiglass color ambra creando una luce discreta e soffusa
