

# Cube outdoor

Massimiliano Raggi

WIRED

BATTERY

Incarnazione della filosofia di Contardi di portare l'interior design all'esterno, per un outdoor funzionale e di classe. Il modello Cube diventa oggi lanterna da esterno in versione a batteria ricaricabile o cablata. Il modello a batteria presenta un nuovo ed innovativo sistema di accensione, senza interruttore: il solo posizionamento del corpo batteria sul supporto permette l'accensione automatica con una lieve rotazione. Per la ricarica non occorre spostare tutto il prodotto, ma è sufficiente rimuovere il corpo batteria e collegarlo alla corrente. Disponibile con interno oro satinato ed esterno laccato effetto bronzo chiaro oppure tutta in bianco (interno ed esterno).

*This embodies Contardi's philosophy of bringing interior design to the outside, for a functional and stylish outdoor area. The Cube model now becomes an outdoor lantern in rechargeable battery-powered or cabled versions. The battery model presents a new and innovative ignition system, without a switch: positioning the battery body on the support alone allows automatic ignition with a slight rotation. For recharging, it is not necessary to move the whole product – simply remove the battery body and connect it to the mains. Cube Outdoor is available with a satin gold interior and light bronze-effect lacquered exterior, or all in white (inner and outer surfaces).*

**ISTRUZIONI PER L'USO**

**VERSIONE CABLATA**

Fornita solo con connettore IP68. In caso di collegamento con spina, il grado di protezione passa da IP65 a IP44.

**VERSIONE BATTERIA**

Ruotare la parte luminosa fino al primo scatto. Il primo scatto è la posizione "spento". Ruotare fino a fine corsa in posizione di estrazione. Sganciare e tirare verso di se il blocco luminoso, che si staccherà facilmente dalla base. Inserire il caricatore nella presa elettrica e posizionare l'estremità magnetica del cavo su quello del corpo luminoso.

**INSTRUCTIONS FOR USE**

**WIRED VERSION**

Supplied only with IP68 connector. In case of connection with a plug, the degree of protection changes from IP65 to IP44.

**BATTERY VERSION**

Rotate the luminous part up to the first click. The first shot is the "off" position. Rotate all the way to the extraction position. Unhook and pull the luminous block towards you, which will come off easily from the base. Insert the charger into the electrical socket and place the magnetic end of the cable on that of the luminous body.
