Lampada a parete, in due dimensioni, caratterizzate dall'alternarsi di tubi in metallo ed in plexiglass (ricorda le canne di un organo). Prodotto molto eclettico adatto per uso residenziale e contract: sia in un elegante salotto o nelle aree comuni e nel corridoio di un hotel. Un modello geometrico nascosto dietro ai tubi arricchisce gli effetti di luce, creando un gioco di ombre e sfumature sulle parti in plexiglass

*Wall lamp, in two sizes, characterized by the alternation of metal and plexiglass tubes (it reminds of organ pipes). Very eclectic product suitable for residential and contract use: both in an elegant living room as well as in the public areas and in the corridor of a hotel. A geometric model hidden behind the tubes enriches the light effects, creating a play of shadows and shades on the plexiglass parts.*
