

# XXL FL OUTDOOR

Gianluigi Landoni

FL

Lampada da esterno IP65, caratterizzata da un diffusore in vetroresina realizzato con una doppia applicazione del materiale in modo da arrivare ad una matericità del paralume particolarmente importante, in rilievo, che ricorda un po' il suolo lunare. Può essere particolarmente luminoso poiché all'interno del paralume sono posizionati quattro attacchi E27 che consentono l'utilizzo in contemporanea di quattro sorgenti luminose.

*IP65 outdoor lamp, characterised by a fiberglass diffuser made with a double application of the material so as to arrive at a particularly important materiality of the shade, in relief, which reminds of the lunar soil. It can be particularly bright because inside the shade there are four E27 connections that allow the simultaneous use of four light sources.*
