Inspired by the perfect geometry of a snowflake, Bianca Twist introduces a new helical configuration that enhances the light's sense of lightness and dynamism. A striking presence, designed to define space with balance, elegance, and an aesthetic suspended between nature and engineering.

Ispirata alla geometria perfetta del fiocco di neve, Bianca Twist introduce una nuova configurazione elicoidale che esalta la leggerezza e il dinamismo della luce. Una presenza scenografica, pensata per definire lo spazio con equilibrio, eleganza e un'estetica sospesa tra natura e ingegneria, ideale per grandi ambienti e installazioni creative.
