ISTRUZIONI DI MONTAGGIO INSTALLING INSTRUCTIONS

TUTTE LE OPERAZIONI DEVONO ESSERE EFFETTUATE DA PERSONALE QUALIFICATO ALL OPERATIONS MUST BE CARRIED OUT BY QUALIFIED PERSON

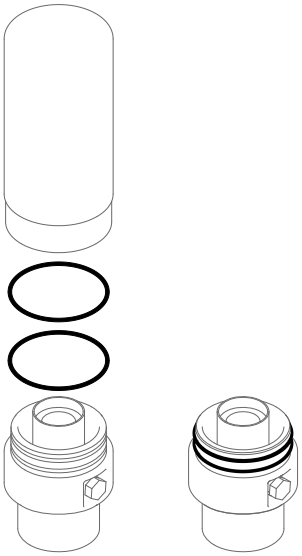
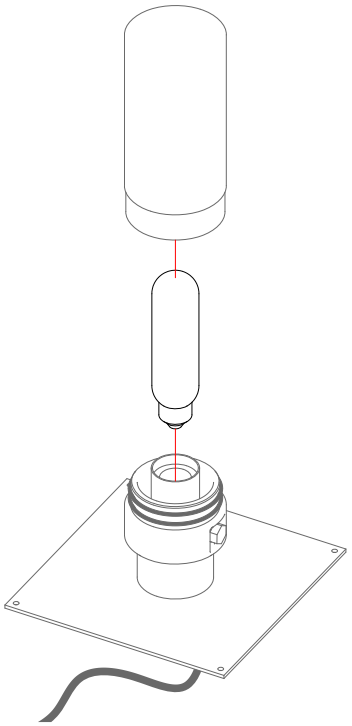
② Rimuovere delicatamente il diffusore in vetro rigato e montare la lampadina.

Gently remove the ribbed glass diffuser and install the light bulb.



! Durante il montaggio o la sostituzione della lampadina, verificare sempre la presenza della guarnizione (o-ring), tra ghiera e vetro. Inserire il vetro fino ad infilarlo fino in fondo. Attenzione! Infilare il vetro applicando una pressione e non ruotandolo.
Se il vetro o la guarnizione risultano danneggiati, non collegare l'alimentazione e sostituirli.

During the assembly, or when replacing a bulb, verify the presence of the gasket (o-ring), between the ring nut and the glass. Insert the glass until insert it up to the bottom. Warning! Thread the glass by applying pressure and not rotating it.
If the glass or the gasket are damaged, do not connect the power unit and replace them.

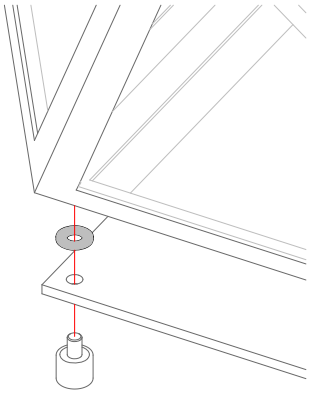


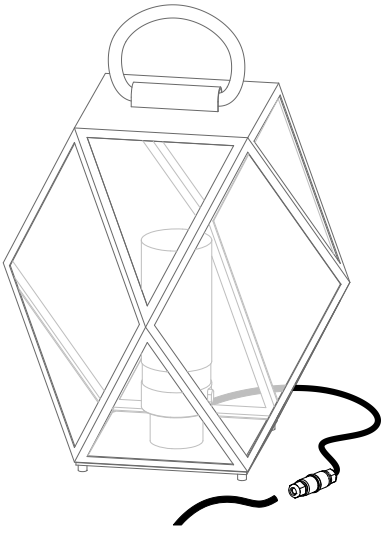
③ Rimontare il fondo della lampada utilizzando i componenti rimossi in precedenza.

Reassemble the lamp base using the components previously removed.

! Rimontando la struttura della lampada assicurarsi che siano presenti le rondelle illustrate nello schema.

When reassembling the lamp structure, make sure the washers shown in the diagram are in place



④ Connettere la lampada all'alimentazione utilizzando il connettore fornito assieme alla struttura.


Connect the lamp to the power supply using the connector provided with the frame.
